

# PRESERVATION FUNDS

HW | Hewett  
Wealth

## WHAT IS A PRESERVATION FUND?

Preservation funds are designed to enable the tax-free transfer and preservation of pension and provident fund investments in the event of resignation or retrenchment.

## KEY BENEFITS OF PRESERVATION FUNDS

- ◆ All investment returns (interest, dividends and capital gains) within the product are completely tax-free.
- ◆ The funds are protected against claims by creditors.
- ◆ Retirement from the fund can be delayed and can thus aid retirement income planning.
- ◆ One withdrawal prior to retirement is available subject to relevant tax tables.
- ◆ The full fund value is accessible, after tax, in the event of death or early retirement due to ill-health or infirmity, subject to scheme rules where applicable.
- ◆ A wide range of underlying investment options are available.

## KEY CONSTRAINTS

- ◆ No contributions are allowed to preservation funds.
- ◆ The investment needs to comply with Regulation 28.
- ◆ Preservation funds cannot be used as security for a loan.
- ◆ Minimum investment amounts may apply.

## TAX IMPLICATIONS AFTER RETIREMENT

- ◆ The full fund value is accessible at retirement subject to scheme rules.
- ◆ Lumpsum withdrawals are subject to the applicable withdrawal tax tables and all previous withdrawals are aggregated to determine the tax liability at retirement.
- ◆ The first R500 000 lump sum can be withdrawn tax-free, subject to the above aggregation.
- ◆ A maximum of 1/3<sup>rd</sup> of the fund value may be withdrawn from a pension preservation fund, while the balance must be used to purchase a living annuity or life annuity.
- ◆ The full fund value or any portion thereof may be withdrawn from a provident preservation fund or alternatively transferred to a living annuity or life annuity.
- ◆ No tax is payable on amounts transferred to a living annuity or life annuity.
- ◆ All income withdrawals from the living annuity or life annuity are taxed at individual marginal income tax rates.

## IMPLICATIONS ON DEATH

- ◆ Beneficiaries can be nominated to receive the proceeds.
- ◆ A lump sum benefit, annuity or a combination of the two may be elected by beneficiaries.
- ◆ Both lump sum and annuity benefits are generally free from Estate Duty but are subject to taxation.
- ◆ Lump sum and annuity benefits received by beneficiary/ies are subject to taxation.
